## blox-lite® wide format

Two Side Print, Blockout Banner Material

**Blox-Lite®** is cellulose based, 100% opaque and coated two side (C2S) alternative to PVC blockout vinyl banner. This heavy weight material is dimensionally stable and a bright white composite media that is FSC® certified made with 10% PCW and can be printed on both side.

### Other Versions Available:

**Blox-Lite® Chrome:** An aluminum metalized blockout product created to provide stunning visual impact for traditional hanging signs and posters.

**Blox-Lite® FR:** A flame-retardant C2S product created to provide an extra margin of safety in crowded public environments where fire safety concerns exist. Certified using methods NFPA 701, M1, M2, ASTM E162 and E662.

### Installations Options:

Grommets, Double-sided tape, Velcro®, Suction cups, Sewing

### Handling Tip:

To eliminate any possible curl caused by shipping the printed product in a tube, simply reverse roll the signage and hold for a minute or two.

### APPLICATIONS:

Hanging signage  
Banners  
Posters  
Front lit displays  
Window signage  
Indoor POP  
Trade show signage  
Roll ups

### PRINTABILITY:

Latex  
UV  
Offset / Screen

### We all know paper prints better than plastic!

It's also more widely recycled. Our paper-based portfolio provides a sustainable option, with many post-consumer options available as well.

A BRIGHTER SHADE OF GREEN
